2008 CAMPING TRAILERS

Who says roughing it has to be rough on your back? Get up off the ground and take camping to a whole new level with a Jay Series, Select or Baja camping trailer from Jayco. They're so affordable and simple to operate and maintain. They make it easy to upgrade from a tent. You'll enjoy having a few creature comforts with you while exploring the wilderness.

- » Above-floor, fully enclosed patented lifter system protects from road debris and the elements while driving
- » E-Z Lube® axles allow easy maintenance and low profile make towing a breeze
- » Seamless and domed fiberglass roof allows efficient water run-off and an impenetrable barrier
- » Corrosion-resistant E-Coat™ frame is easy to maintain
- » Sectionalized DuraTek™ tent material has double-stitched seams for extra strength
- » Fully undercoated floor and bed bases with sealed edges to repel moisture
- » Rugged diamond-plate panels on front and rear endwalls
- » Unparalleled 2-year Co-Pilot Warranty plus Lifetime Coverage on lifter system, roof, floor and frame

Jayco Makes Roughing It Go Much Smoother

Which Camping Trailer Fits Your Idea of Adventure?

Jay Series

- » Variety of floorplans that sleep 5 to 8
- » Jayco's most popular and affordable camping trailer
- » Family-friendly choices in furniture configurations
- » Great for first-time RVers

Select

- » Sleeps 5 to 6
- » Jayco's premier camping trailer
- » High walls for extra storage space and headroom
- » Includes the finest interior amenities

Baja

- » Sleeps 4 to 6
- » Jayco's camping trailer/toy hauler combination
- » Bike Port™ deck holds up to 6 bicycles, up to 3 dirt bikes or an ATV

Celebrating 40 Years of Liveability

The Jayco story began in 1968 with a humble desire to build more comfortable and practical ways for families to explore the world together. Jayco has grown to become the largest privately owned manufacturer of recreation vehicles in North America. While our product line is more diverse than ever before, every unit we build shares a common attribute — liveability. Because we believe every journey should be easy to enjoy.

Jay Series™

» For Camping the Whole Family Can Enjoy

Take a step up from tent camping (and raise everybody's level of fun) with an affordable Jay Series camping trailer from Jayco. Choose from six floorplans to find the right sleeping and dining accommodations for your family — then relax and discover just how comfortable camping can be.

Getting to and from campgrounds will be a breeze since Jay Series camping trailers feature E-Z Lube® axles and a low profile for easy towing.

Two bunk-end fan lights make the sleeping area feel more like home.

Speed through the set-up process thanks to sectionalized tents with a unique Velcro® tent-to-bunk attachment system.

Both the front and rear endwalls are built with rugged diamond-plate panels for durability.

A Great Year to Buy

With a 40-year reputation for excellence, there has never been a better time to buy a Jayco camping trailer. Jayco's production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations. Skilled seamstresses produce our upholstery, bedding and draperies with great attention to detail. Our dedication to our craft is what allows us to offer industry-leading lifetime parts and labor coverage on our lifter system, roof, floor and frame. We also offer five-year (5) coverage on our tent. That's just another reason why our 40th Anniversary is a great year to buy a camping trailer.

Select™

» For Added Space and Extra Conveniences

The high-walled Select gives you more of what you want most in a camping trailer, including kitchen conveniences, headroom and storage inside and out. Now you can enjoy the sights and sounds of nature without giving up all the comforts of home.

The Select's kitchen area features a double bowl sink, 3 burner range with oven, raised panel cabinetry and a standard microwave.

The 200-lb. capacity lockable storage trunk gives you a spot for large items and helps keep your living space clutter-free.

Keep your food items cold and fresh (without depending on coolers) with the 3 cu. ft. gas/electric

Jayco's optional portable gas grill attaches quickly whenever your family is hungry for a cookout.

Baja™

» For Off-Road Adventures That Require Toys

Take the Baja camping trailer along on your next “middle of nowhere” hunting, fishing or off-roading trip, and you’ll be equipped for anything. The Bike Port™ deck, with 1200-lb. capacity, holds up to 6 bicycles, up to 3 dirt bikes or an ATV. Inside, there’s plenty of storage for your gear as well as comfortable spots to kick back and relax.

tread lightly!®

OFFICIAL SPONSOR

Jayco proudly sponsors Tread Lightly!®, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

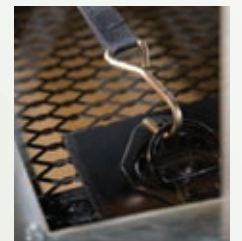

Plug your iPod® into the dock and enjoy your favorite tunes with family or friends on the built-in stereo system.

For smoother trips through rugged terrain, Baja camping trailers are built with 13 inches of ground clearance plus leaf springs and shock absorbers.

Choose the optional diamond-plate toolbox for a handy place to store all your tools and gear.

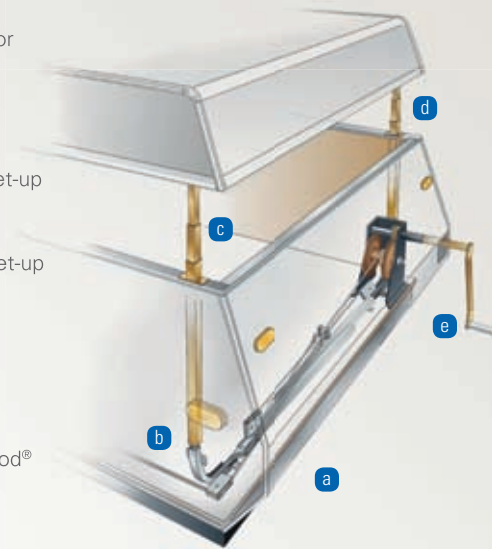

Six D-rings on the front deck safely secure your bikes or ATV.

Jayco Builds Lasting Value

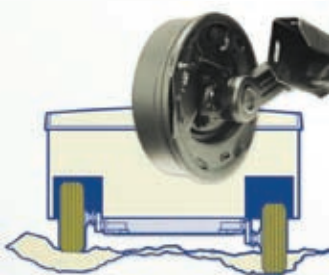

The Jay Series, Select and Baja camping trailers are constructed with high quality materials using production techniques perfected over the past 40 years. Count on yours to look good, perform well for years and provide excellent resale value.

1. Plywood construction adds stability to roof
2. Domed fiberglass roof built with no center seam for better water runoff
3. White powder-coated bed bow keeps tent secure
4. Two-piece extruded aluminum bed frame
5. Undercoated plywood decking under tent
6. Tents are designed for lasting strength and easy set-up
7. Crank-down stabilizer jacks with sand pads
8. One-piece aluminum exterior sidewall
9. Sewn-in lifter post covers provide quick and easy set-up
10. 1/8" plywood adds strength to walls
11. Rounded one-piece polyethylene wheel wells
12. E-Z Lube® axles make maintenance a snap
13. One-piece entrance door
14. Retractable, skid-resistant step
15. Easy-care vinyl flooring throughout the interior
16. Undercoated floor deck constructed of Structurwood®
17. Rugged diamond-plate panels used on front and rear endwalls
18. Heavy duty A-frame construction

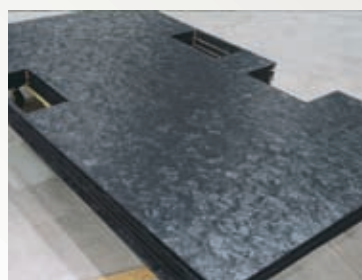

- a. Fully enclosed above the floor, Jayco's roof lifter system eliminates rust and potential damage from road debris and weather, and prevents rodent or insect access.
- b. Easy-to-use design featuring strong and flexible push-rods to guide the roof up as you crank.
- c. Tubular lifter posts have no edges to chafe or soil the tent, and no openings to catch fingers and cause injury.
- d. Nylon bushings in the lifter posts reduce friction and extend the life of the lifter system.
- e. Quick, comfortable setup is yours thanks to the ergonomic height of the crank and its smooth operation.

The Select camping trailer features TorFlex® torsion-axle suspension to simplify towing.

Frames are protected from corrosion by the 12-stage E-Coat™ finishing system.

Single-piece Structurwood® floor and bed platforms are undercoated and edge-sealed to repel moisture.

Jayco's dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

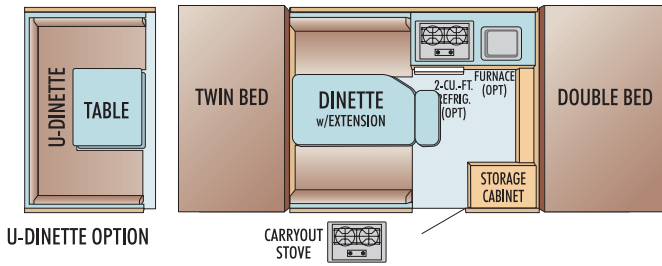

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

Best Warranties in the Business

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco's limited warranty is not transferable. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

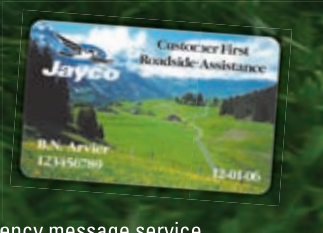

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer.

Jayco offers to the original purchaser of any of our camping trailers an additional industry-leading lifetime parts and labor coverage on our lifter system, roof, floor and frame. We also offer five-year (5) coverage on our tent with parts, labor and freight covered the first two years; parts, factory labor and return freight during years three, four and five.

Customer First Roadside Assistance

Travel worry-free in your Camping Trailer with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net®, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

- Free jump starts
- Free tire changes
- Free fuel delivery
- Free lockout service
- Free traveler's checks
- 24-hour toll-free emergency message service
- Toll-free nationwide service appointment assistance
- Free custom trip routing and full color map service
- Free dispatch of on-site mechanical service
- \$1,000 auto theft or hit-and-run reward
- \$2,000 trip interruption reimbursement
