

2010 Recon ZX Toy Haulers by Jayco®

# Take It All.

With room for all your toys, the Recon ZX really lets you take it all.

# 2010 Recon ZX™

Optional dual electric queen beds in the cargo area are easy to lower and raise.

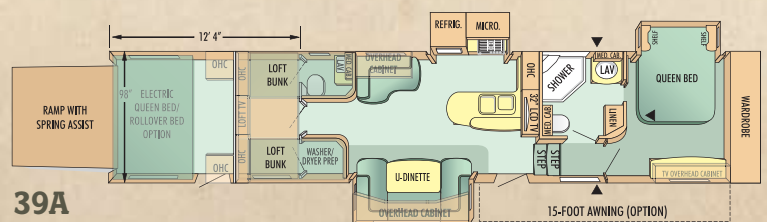

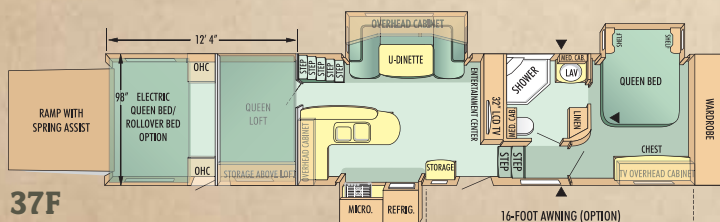

The 2,000 lb. capacity garage features a 96" ramp door opening.

Recon's full kitchen allows you to cook a hot breakfast before you head out and a hearty dinner when you get home.

## Have It All.

No other toy hauler gives you the same combination of garage space, rugged construction, high-end interiors and convenient amenities. With room for up to four ATV's, an extra-wide ramp and 2,500 pound tie-downs, the Recon can handle all your toys. And with multiple slideouts, loft beds and up to two queen beds in the garage, there's plenty of room for friends to come along as well.

### FLOORPLANS

# Designed to Hold Its Own.

## Lightweight and Durable

Our Tuffshell® sidewall construction features a lightweight welded aluminum frame, efficient bead foam insulation **1** and luan board **2** that is vacuum-bonded for superior strength and weight reduction.

## A Firm Foundation

The R-24 floor construction combines 2" x 3" aluminum floor joists **3**, fiberglass insulation, reflective foil **4** and 5/8" tongue-and-groove plywood **5** to create a firm foundation.

## Convenience and Comfort

Design features like lockable storage compartments **6**, tinted safety glass windows **7**, central air conditioning **8**, a Carefree® electric patio awning **9** and high rise retractable entrance steps **10** make life comfortable and convenient.

## Keeping Cargo Safe

The garage floor and ramp door feature an anti-slip, non-skid floor **11** and ramp door with spring-hinge assist system **12**. With a 2,500 pound capacity, the wide ramp makes it easy to load and unload large toys. Ten flush-floor mounted D-rings anchored to the frame hold 2,500 pounds each, ensuring toys will remain safely in place.

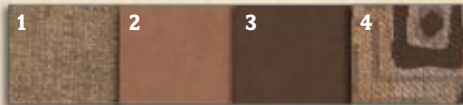

## Impressive Sound Capabilities

Nothing gets you more inspired to ride than listening to music on Recon's Sony® 12V AM/FM/CD/DVD stereo with iPod® adapter/charger and four Sony® speakers. Recon ZX's versatile sound system allows for a premium sound experience wherever you want—indoor or outdoor. If you're the type who likes to take it up a notch, add the optional Sony® subwoofer and amplifier.

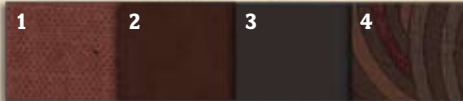

## Protection From the Elements

Our seamless one-piece rubber roof **13** covers a 5" thick vacuum-bonded laminated R-25 roof **14** and ceiling paneling **15** and offers superior protection from rain, heat and noise.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

**Unloaded Vehicle Weight (UVW):** Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

**Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

**Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

**Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

AMERICA'S MOST LIVEABLE RVs.
