## AS FRIENDLY ON THE ENVIRONMENT AS IT IS ON YOUR WALLET

Built to the highest environmental standards, with an aerodynamic V-nose design and Azdel SuperLite construction, the 2012 Jayco Skylark travel trailer weighs 30 percent less than conventionally built travel trailers of the same length, making it towable by 75 percent of all cars, trucks, crossovers and SUVs.\* By combining European-inspired interior design with our legendary liveability, Skylark is the perfect fusion of style, comfort and economy.

\* Consult with your authorized automobile manufacturer or vehicle owner's manual.

# NOBODY OFFERS A BETTER WARRANTY THAN WE DO

## YOU WANT YOUR RV TO LAST A LONG TIME.

That's why we offer our exclusive 2-year Co-Pilot Warranty, the best and most comprehensive warranty program in the industry. Every Jayco RV undergoes rigorous quality control testing before it leaves the factory, so you can be confident your new Jayco will continue to provide the ultimate in liveability and reliability for years to come.

For a copy of our 2-year limited warranty with full terms and conditions, ask your local Jayco dealer.

## ROADSIDE ASSISTANCE

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through National Motor Club, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

TO LEARN MORE ABOUT OUR QUALITY CONTROL TESTING, SCAN HERE WITH YOUR SMARTPHONE.

## TRUE VALUE OF OWNERSHIP

### MORE STANDARD FEATURES

We pack more standard features into our RVs than anyone else. Even better, they're features we know you'll want, designed to make your RV more home-like, comfortable and convenient. Because at Jayco, it's always been about liveability.

### BRAND-NAME COMPONENTS

We like living up to the name we've built for ourselves. That's why we only use dependable components in our RVs, made by companies that value their reputation as much as we do ours.

### LESS MAINTENANCE

Our top-quality materials and production techniques let you spend more time enjoying your new RV and less time maintaining it.

### BETTER AVERAGE RESALE VALUE

In the last three years, Jayco owners have been banking on their investments. According to the NADA, Jayco's average resale value was 4.81% higher than the competition, giving Jayco the top resale value in the RV industry.

With Jayco, you get more amenities, more liveable, home-like features and superior construction for less maintenance and greater resale value. **Simply put, you won't find another RV packed with more TRUE VALUE.**

### SUSTAINABLE AMENITIES

Built green with the most environmentally friendly standard features, like **A** | high-efficiency appliances **B** | low-energy L.E.D. lighting and **C** | the energy-efficient Cool Cat air conditioner and furnace, Skylark is standing out as one of the industry's greenest travel trailers.

### HIGH-END FEATURES

Skylark offers up top-notch features with its **A** | modern kitchen appliances, like a High Pointe convection microwave oven and Skylark's durable **B** | Diamondflor vinyl flooring. Adding to its high-end amenities, Skylark boasts **C** | Italian-imported, Eurostyle cabinetry.

### PUTTING THE FOCUS ON CAMPING

At Jayco, we want your RV to be easy to use. That's where Skylark's **A** | electric awning comes in. With its push-button adjustable pitch, you can easily adjust it for desired shade and water runoff. Meanwhile, Skylark's innovative design, like its **B** | ultra light aluminum furniture framing, helps make it a leader in lightweight engineering.

### HOLDING ITS VALUE

Years down the road, Skylark will still be a RVer's dream. Complete with **A** | ample storage and stunning, durable **B** | tan fiberglass exterior with black accented trim, Skylark will remain a towing odyssey.

# JAYCO CONSTRUCTION

At Jayco, we've built a reputation for superior construction and craftsmanship. We always use top-quality materials and innovative manufacturing techniques—down to the smallest detail. The result? Unmatched resale value and peace of mind in an RV that's built to handle whatever the road throws at it, while outlasting everything but your memories.

## OLD WORLD CRAFTSMANSHIP

Jayco's dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations.

## AERODYNAMIC PROFILE

Jayco's aerodynamic V-nose design helps Skylark cut through wind, dramatically reducing drag while improving its overall gas economy.

### WALL CONSTRUCTION

- 1 Vacuum-bonded laminated layers:** Involves 15-18 minutes of 144 tons of pressure to ensure a stronger bond
- 2 Azdel SuperLite composite panels:** Provides 10 times greater insulation value than conventional materials and is 50 percent lighter
- 3 Welded aluminum frames:** Lighter than wood, increases towability

### FLOOR CONSTRUCTION

- 4 Vacuum-bonded laminated layers:** Backed by computer monitoring and constant quality control checks, Jayco prides itself in a solid foundation
- 5 Bead-foam insulation:** Maintains interior temperatures with an R-9 insulation value
- 6 Azdel SuperLite composite panels:** Moisture and rot resistant, this substrate won't get heavier over time

### ROOF CONSTRUCTION

- 7 Seamless Alpha Ply overlay:** Features one-piece construction and innovative rubber material for better leak protection and less streaking
- 8 Azdel SuperLite composite panels:** Has noise-dampening properties
- 9 Bead-foam insulation:** Boasts an R-18 insulation value
- 10 3 1/2" arched welded aluminum trusses:** Creates a solid structure

### FEATURES

- 11 Double-paned acrylic windows:** Provides better insulation than glass and is more lightweight
- 12 Extra-wide corner seals:** Helps prevent leaks on the corner molds, baggage and entrance doors and window seals
- 13 Floor-line heating and A/C:** Eliminates conventional roof-top units, improving towing

FLOORPLANS

-  STORAGE
-  TRAILER HITCH
- LAV** BATHROOM SINK
- MICRO** MICROWAVE
- OHC** OVERHEAD CABINETS
- FRIDGE** REFRIGERATOR
- WARD** WARDROBE

# A TRADITION OF LIVEABILITY

**THE JAYCO STORY BEGAN IN 1968** when Jayco founder Lloyd Bontrager created an innovative, easy-to-use lifter system that led to a better fold-down camper. Loaded with more comforts and conveniences, Lloyd believed his camper would bring people closer together because it was more liveable. A devoted family man, Lloyd's passion extended to his business as well. In fact, our company's success stems from his insistence on treating everyone at Jayco as family — from our factory to our front office, our salespeople to our suppliers, and our customers to our community.

**BLENDING OLD WORLD AMISH CRAFTSMANSHIP WITH INNOVATIVE TECHNOLOGY**, Jayco is the nation's largest family-owned and operated RV manufacturer today. And while our product line has grown considerably over the years, every unit we build is still guided by Lloyd's vision and a humble desire to help make it easier for families to explore together and relax together. It's what separates us from other RV manufacturers. And it's what continues to make Jayco America's Most Liveable RVs.

AMERICA'S MOST **LIVEABLE** RVs.

Jayco proudly sponsors Tread Lightly!, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

**Unloaded Vehicle Weight (UVW):** Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

**Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

**Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

**Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart inside.
