## EFFICIENT KITCHEN

Pack the whole kitchen. In an Eagle HT, there's no shortage of usable space thanks to a select model pots and pans drawer, countertop extension and 6 cu. ft. Norcold refrigerator with magnet-friendly panels.

# jayco CONSTRUCTION

At Jayco, we've built a reputation for superior construction and quality craftsmanship. We pride ourselves on always using top-quality materials and innovative manufacturing techniques. That commitment has led to our latest construction advancement, the all-new exclusive Magnum Roof System, 50 percent stronger than other roofs in the industry, built to outlast everything but your memories.

## OUR NEW ROOF FEATURES ...

- 1 4 1/2" crowned wood trusses: Uses 2" x 2" vertical studs to maximize load capacity, while oversized nail plates provide a tighter design
- 2 3/8" roof decking, screwed down at every seam: More durable than typical stapled construction, provides fully walkable roof
- 3 Residential attic-style insulation: Maintains interior temperatures while allowing for room to run wiring, reducing risky electrical shorts
- 4 One-piece, sidewall-wrapped Alpha Ply material: Provides leak protection

## WALL CONSTRUCTION

- 5 TuffShell vacuum-bonded sidewalls, slideouts, back wall
- 6 Smooth fiberglass exterior
- 7 Welded aluminum frames
- 8 Double-layer of front cap fiberglass insulation

## FLOOR CONSTRUCTION

- 9 5/8" tongue-and-groove plywood on 2" x 3" wooden floor joists on 16" centers
- 10 Full-width outriggers
- 11 Bedroom floor Flexfoil and fiberglass insulation

## CLIMATE SHIELD

ULTIMATE WEATHER PROTECTION

**12 Extend your camping season.** Offering weather protection against extreme temperatures (as low as 0° F or as high as 100° F), the Climate Shield combines the industry's most-protected underbelly with the class's highest-BTU output furnace. The enclosed underbelly, tucked and foamed inside the I-beam rails, features blown heat for the ultimate four-season camping experience.

The Climate Shield features the following R-values.

VALUE	UNIT AREA	TYPE OF INSULATION
R-5	All vertical walls	Block foam
R-15	Behind front cap	Double R-7 insulation
R-27	Roof	Double R-7 insulation + R-14 foil
R-29	Main floor	Double R-7 insulation + R-14 foil
R-14	Slide floor	R-14 foil
R-22	Bedroom floor	R-7 insulation + R-14 foil
R-14	Inside open pinbox	R-14 foil

\* Eagle HT was tested in 0°F and 100°F weather over an extended period of time in a controlled environment and all functions of the coach were fully operational. Testing cannot account for natural elements, such as wind or moisture. In actual use, unit may not perform as well. In addition, outside components are subject to freezing and require steps to properly insulate. Jayco's warranty does not cover damage caused by freezing.

# THE Jayco® family STORY

**THE JAYCO STORY BEGAN IN 1968 WITH OUR FAMILY—THE BONTRAGERS.** Lloyd Bontrager created an innovative, easy-to-use lifter system that led to a better fold-down camper. Loaded with more conveniences, he believed his camper would bring families closer together.

Since then, the Jayco family has grown. From our factory to our front office, from our salespeople to our suppliers, our family bond is four decades strong with the support of more than 300 Jayco dealers.

Together, we're helping make new family stories. **YOUR FAMILY STORY.**

*welcome* to the Jayco family

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support. We hope you enjoy working with them as much as we do.

**Coach-Net**  
RV Technical & Roadside Assistance

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

tread lightly!  
OFFICIAL SPONSOR

Jayco proudly sponsors Tread Lightly!, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

**JayPlus**

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

**Jafari** Discover  
America

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

**Unloaded Vehicle Weight (UWV):** Sometimes referred to as "Dry Weight," UWV means the typical weight of this trailer as built at the factory. The UWV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

**Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UWV plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UWV and the CCC.

**Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UWV. The addition of options will decrease the CCC.

**Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart inside.
